Edition 1 | July 2016

The Izzi Trust's mission is to provide financially disadvantaged children with the best education our country can offer

We are a children's charity whose philosophy centres on empowerment through education. Our three main areas of activity are:

- providing bursaries that enable financially disadvantaged children to attend some of our country's finest schools
- running outreach programmes at underprivileged schools and creches
- encouraging and facilitating environmental, cultural and academic events that bring together children from our country's many different economic and social groups

We carry out this work through our three outreach arms:

## SUCCESSFUL WINTER FEEDING SCHEME

This winter will be a lot easier for the students at our partner schools. Over 4000 families will benefit from 154,000 meals this cold school holiday in Olievenhoutbos, Olifantsfontein, Boschkop and Hartbeespoortdam. Together with Makro, The Izzi Trust has handed out nearly 2 million meals since 2008.

## Winter Warmer

In June Southdowns College delivered soup, socks and blankets to the Olivenhoutbosch Disability Centre. Every Southdowns College family contributed to this amazing cause.

## Boschkop Partner School

TYGER VALLEY COLLEGE  
Through Enjoyment to Excellence

We were so excited to host 60 students from our partner outreach school on Friday 20th May. After enjoying a delicious hot breakfast they took part in an outdoor monkeynastix obstacle course. Time was spent in the classrooms enjoying the toys and puzzles and then playing and interacting with our children at break. The day was spent forging wonderful friendships and bonds.

## Learning is Fun

The Little Angels day-care centre spent the day with students at Pecanwood College in June 2016. The children spent a morning in our classes – participating in daily routine. After a yummy lunch of hot dogs and juice each student was given a soft cuddly toy, donated by Pecanwood students, to take home.
